
How To Get The Most Out Of Using NicheBook

Here's how to get the maximum value out of the book.

Your desktop swipe file. Ready when you need it.

Having trouble finding a niche?

Every time you need some niche ideas, scroll through the book. You'll get fresh new ideas every single time.

It includes 112 niches, including every single niche that I've ever built a site around as well.

Think of it as a list of niches within niches within niches.

Since every niche is presented with a list of the top 3 most recommended keywords for targeting a site around, you'll be flooded with ideas.

How the book is organized

Niches are separated according to category. Then, each niche is presented with a list of the top 3 most recommended keywords PLUS the average CPC of the keywords in that niche.

How to use the book

You'll get new ideas every time you go through the book, and that's exactly what it was designed for: To get ideas flowing.

Don't just go through it once and forget about it. Leave it handy on your desktop. When you're looking for niche ideas, go through the list with a fresh mind and you'll see all sorts of opportunities for profitable niche sites.
